### **EXAMINER'S AMENDMENT**

The following is an examiner's statement of reasons for allowance:

The claimed invention requires that each leaflet has an arcuate contour and each of the leaflets is respectively suspended between a corresponding pair of concave sockets. Also, the structure of the pivots 40 and concave sockets 35 obviate the need for other structures to support the leaflets, unlike the system of Perrier, et al. Perrier, et al. neither discloses nor suggests arcuately shaped leaflets or a pivot and socket structure that enables the leaflets to be suspended between the sockets. Therefore, as the reference fails to disclose each and every element of the claimed invention, as now claimed, it cannot anticipate that invention. Further, as the reference fails to suggest such a combination of elements, it cannot make obvious that invention either.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DAVID J ISABELLA whose telephone number is 703-308-3060. The examiner can normally be reached on MONDAY-THURSDAY.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, CORRINE MCDERMOTT can be reached on 571-272-4754. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
